SEO / GEO / AEO Audit Report

FULL AUDIT · 2026-07-19

Executive Summary

Cleaning Davenport has a coherent services×areas×frequency architecture, good on-page hygiene, FAQ/Service/Breadcrumb schema, and a clear pay-after-cleaning proposition. Its GEO score is suppressed because robots.txt blocks major AI answer crawlers, the public phone still says 'Coming soon,' and LocalBusiness schema omits telephone, street address, geo, logo and sameAs. Blog posts are short and have almost no topical H2 structure; testimonials exist but are not marked up.

Dimension	Score	Status
SEO	7/10	On Track
GEO	4/10	Needs Work
AEO	7/10	On Track

Crawl Scope

35 content pages: homepage, About, Contact, FAQ, Services hub, 7 services, Areas hub, 7 area pages, Pricing, Booking, 4 frequency pages, Reviews, Gallery, Blog index and 6 posts; robots.txt and sitemap.xml inspected.
